EMPLOYMENT HISTORY

Director of Educational Technology, Concordia Theological Seminary

8/17/2007 — present

Fort Wayne, IN

- Assisted with the design and implementation of the Specific Ministry Pastor program
- Implemented and maintained the seminary's Moodle server which provided the backbone for all courses taught
- Oversaw the Educational Technology department to conduct campus events including Good Shepherd Institute, Symposia and other special conferences
- Responsible for ongoing pedagogical development for faculty members

Pastor, Zion Lutheran Church

8/15/2001 — 8/13/2007

Newnan, GA

- Spiritual care and development in the form of regular teaching and administration of Word and Sacrament ministry for a congregation of approximately one hundred people including regular visitors.
- Together with congregational leaders envisioned, developed and implemented a renovation of the existing facilities to make more efficient use of available space and allow for use of multimedia content in worship. Project Budget \$60,000.
- Researched, wrote and presented "The Truth is Out There: Generation X and Postmodern Ministry in a Church of the Enlightenment" at the congregational, circuit and district levels.

Student Worker, Concordia Seminary

8/15/2000 — 8/15/2001

St. Louis, MO

- Assisted in the construction of the Seminary computer network starting from a fiber backbone.
- As a part of the seminary team managed and maintained multiple servers ensuring internet connectivity and e-mail access for the campus as well as a file server for critical applications.
- Engaged in system maintenance, help desk support and other necessary hardware and software troubleshooting.
